

COMPATIBLE WITH

# DGPS4U TRACKER 2

## Real-time GPS vehicle tracker with AGPS

This small GPS tracker Tracker 2 can be fitted in minutes by just 4 wires - giving much peace of mind.

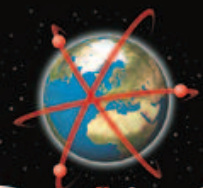

A real-time monitor that alerts you via your phone when a vehicle is moved, displaced, leaves a geofence, over speeds, has power cut off and even if the battery is low so you can enable/disable the vehicle (or take other action) from your phone. There is a AGPS locator onboard and multiple Tracker 2 devices can report to one phone.

Tracker 2 can be easily integrated into new or existing TRAC>DOWN accounts, offering a host of extra features including fleet management, route histories, business / personal mileage recording.

A low cost data sim card can be provided.
